IIT Bhubaneswar organizes Polio Immunization Drive

Bhubaneswar, 5th March 2024: Indian Institute of Technology (IIT) Bhubaneswar, in collaboration with the Community Health Centre (CHC), Jatni, organized an Intense Pulse Polio Immunization Drive from 3rd to 5th March 2024. As many as 76 children under the age of 5 were administered the Pulse Polio Drops during the three-day drive, held at the Sanjeevan Health Centre of the Institute.

During the vaccination drive, children of the residents of the campus, nearby areas and children of migrant workers working and residing on the campus premises were administered the Pulse Polio Immunization Drops.

Speaking on the drive, Dr. Mansoor Ahmed Khan, Senior Medical Officer, IIT Bhubaneswar said: "Pulse Polio Immunization is one of the most significant vaccination drives for children and IIT Bhubaneswar is proud to be a part of this drive."

Among others, Ms. Sonalika Naik, Community Health Officer and Ms. Tukuna Mania, ANM from CHC, Jatni, and Mr. D. Kannan, Pharmacist, Sanjeevan Health Centre, IIT Bhubaneswar coordinated the programme.
